To the Parents/Guardians of 6th GRADE STUDENT:

Pennsylvania law requires that all students must have an up to date **physical and dental examination upon entering 6th grade**. In addition, all students are required to have a completed immunization record on file.

Our school nurse has had the opportunity to conduct a thorough review and evaluation of all of the student's examinations and immunizations on file. As a result, it has been determined what is needed for your child to be in compliance with the Pennsylvania state laws and recommendations.

To date we have not received the required examinations and immunizations listed below.

Please understand that in order to return to school on **Monday, September 29th, 2014**, you must complete and submit **all** of the requested examinations and/or immunizations **for your child** to the school nurse.

Effective Monday, September 29th, 2014, your child will not be allowed to return to school without the following requirements, or **scheduled appointments with your child's doctor & dentist.**

- * **Physical Examination**
- * **Dental Examination**
